

3rd Annual Ski-Plane Fly-In at the Clarence Aerodrome
Saturday February 4th, from 11AM – 4PM
(Weather & Snow Permitting)

We're planning on a traditional bonfire, hot coffee and chocolate, beverages, assorted warm food, and desserts.

This is very informal, and the goal is to have a good time and enjoy local aviation fellowship and the WNY winter flying activities.

As in the past, pot-luck contributions are very welcome, but *certainly* not required. Share your special gourmet talents.

(Homemade chili and homemade soups are always welcome.)

If you are planning to fly in, we recommend that you check with Joe Rizzo for current airfield conditions (Snow vs Mud or Standing Water). His number is [716-308-0441](tel:716-308-0441) and his e-mail is joen6171b@aol.com

You can also contact Jim Uber at [716-408-6183](tel:716-408-6183) for non-technical information, or e-mail at KC2EBH@frontiernet.net

If you are driving in we suggest that you car pool with your friends or family due to parking constraints.

Clarence Airport identifier is D-51, Unicom is 122.7

**11008 Transit Rd (RT-78)
